

CONTINUING TO BLOSSOM

As the season of renewal unfolds, we're excited to share with you the vibrant happenings at Muncaster Financial Group. From engaging networking to community events, we've seized the opportunities to blossom both personally and professionally. Join us as we embrace the spirit of spring and cultivate growth together!

2024 International Builders' Show

We had the opportunity to attend this year's International Builders' Show in Las Vegas and meet top builders, remodelers, developers and other home building professionals from around the country to promote The Blueprint 401(k). The goal of this revolutionary plan is to empower people to save enough today to enjoy the future they imagine.

One highlight from the show was seeing the innovation and trends circulating throughout the homebuilding industry. We want to thank our partners with the Homebuilders Association of Greenville for being our guides and connecting us with great people. Countdown to next year's show is on!

The HBA's Blueprint 401(k)

Muncaster Financial Group is proud to partner with the Home Builder's Association of South Carolina and offer its members the Blueprint 401(k). Leave your retirement plan to the professionals, so you can stay focused on what you do best — running your business. We encourage you to visit our website to learn more or schedule a demo.

THE BLUEPRINT 401(K)

around town

State Representative Jason Elliot with Richard and Thomas at the 54th Annual Bird Supper.

Richard and Sheri at the Meyer Center 70th Anniversary Celebration, special "hi" to Meta Hendricks in the background!

The team at the Bridge Awards with Lindsey and Taylor Lyles, CEO of the HBA of Greenville.

Greenville Clemson Club Celebrity Softball Game

We, especially Mills, had an amazing time at the Greenville chapter's celebrity softball game at Fluor Field! We also had the honor of sponsoring the event which benefited several local initiatives including the Greenville County Scholarship Endowment. Mills had a blast meeting Clemson heroes such as C.J. Spiller and Charlie Whitehurst.

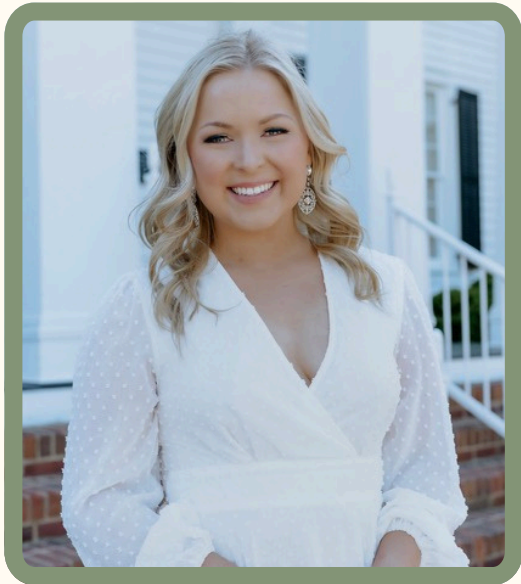

Meyer Center Kids Classic

We had a blast participating in the Meyer Center Kids Classic Golf Tournament. Funds raised from the annual tournament go towards continuing the vision of Dr. Meyer and supporting the nonprofit’s mission of providing education and intensive therapy services to empower children with disabilities to reach their maximum potential. Supporting this exceptional organization is always an honor, and we’re excited to help further their mission.

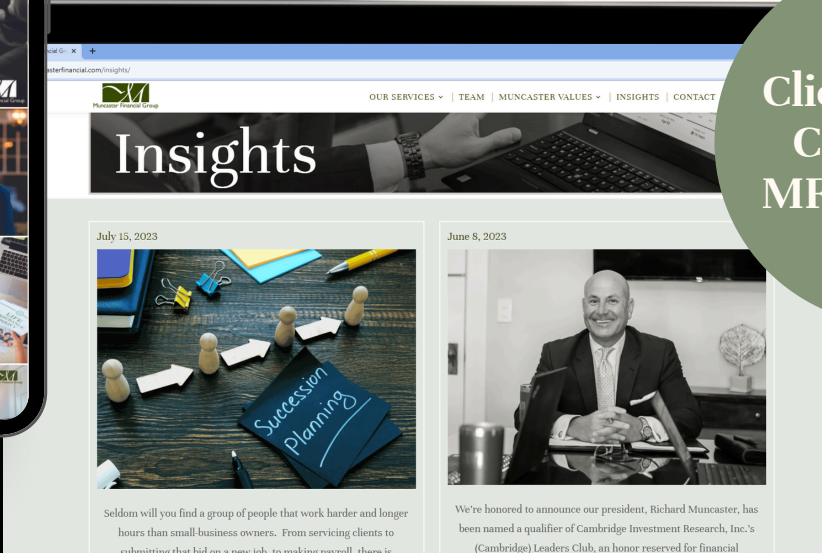

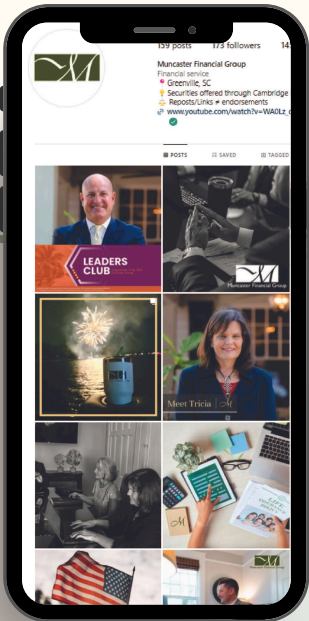

Upstate Heart Walk

Thank you to our clients, friends, and families for contributing to our Upstate Heart Walk team! The funds raised for this annual event by the American Heart Association help provide access to more research, provide more training in lifesaving CPR, and hopefully lead to more medical breakthroughs for heart health. This year, the walk raised over \$280,000! And a special shout out to the North Greenville Football team for joining our team!

Welcome to the team, Claudia!

We’re happy to announce the addition of Claudia to our team. She’ll be joining us as the Marketing Coordinator for Muncaster Financial Group. Her primary goal is to foster connections with clients and further promote MFG’s brand presence. Claudia is a native of Anderson, SC, and a recent graduate of Furman University where she majored in Business Administration. Claudia is now pursuing her Master of Arts in Strategic Design at Furman with a focus in Marketing. Through her graduate program, she is expanding her knowledge of graphic design and brand strategy. This coupled with her Business Administration background, allows her to bring a well-rounded set of skills to the team. Claudia looks forward to integrating her creative and strategic skills to enhance the Muncaster Financial Group client experience.
